## Tulsa Root Canal System

In the past, if you had a tooth with a diseased nerve, you'd probably lose that tooth. Today, with a special dental procedure called the Tulsa Root Canal System, you may save that tooth.

When a tooth has a deep cavity or is cracked, bacteria can enter the pulp, and germs can cause an infection inside the tooth. Without proper treatment, the infection can form an abscess and can cause the pulp tissue to die. When the infected area is not removed, pain and swelling can result. The infection can injure your jawbone and your overall health. Without treatment, your tooth may have to be removed.

With our Tulsa Root Canal System, your treatment can typically be completed in just one visit. During treatment, our dentists will remove the diseased area and the pulp chamber, and root canals of the tooth are cleaned and sealed. Often teeth that have endodontic treatment may have a cast crown placed in order to strengthen the remaining structure. As long as you to continue to care for your teeth and gums with regular brushing, flossing, and checkups so that the roots of the restored tooth are nourished by the surrounding tissue, your restored tooth can last a lifetime.

Generally, a root canal is a relatively simple procedure with little or no discomfort, involving only one visit. Best of all, it can save your tooth and your smile!

For more information on the Tulsa Root Canal system, ask one of our patient consultants at the front desk.

## NEWS & UPDATES

**It's Halloween Time, which means it's also time for the Halloween Candy Buy Back!**

We all know how much fun dressing up and trick or treating around the neighborhood is, but all those extra sweets laying around the house are a dental mine field. Annandale Smiles invites all kids up to age 14 to our 5th Annual Candy Buy Back, where you get \$1 per pound of candy that you turn in. That's right, \$1 PER POUND! Getting paid to have fun, how cool is that?

**Join us Tuesday November 1st from 3:30-5:30 PM**

to have your candy weighed and help us fill boxes to send off to our troops. That's right, we don't keep the candy for ourselves; we send it off to support our troops who are working tirelessly to keep us protected – they deserve a little Halloween fun too. Feel free to also include letters and drawings to support our troops and cheer them up.

We look forward to seeing you all in our office on Tuesday November 1st from 3:30-5:30 PM; feel free to come dressed up to take pictures with our resident witch!

Thank you for your patronage.
